Local Health Authority Commission

Executive Summary: CHPIV Compliance Department Update February 2025

Mandatory Compliance Training

Background

The CHPIV Compliance department has launched a mandatory Compliance Training Program for all employees and Commissioners to uphold high compliance and ethical standards. This training meets DHCS and CHPIV policy requirements (P&P CMP-006). Completion requires a quiz score of 80% or higher. CHPIV has partnered with American Medical Compliance (AMC) to assign and track the training. Compliance training courses must be completed within ninety (90) days of onboarding and annually thereafter. The required training modules include (1) General Compliance Training, (2) Fraud, Waste, and Abuse Training, and (3) HIPAA Training.

Compliance Training Completion Report

	Employees	Commissioners
Complete	17	2
Pending (Not Due)	2	2
Incomplete (Past Due)	1	7
Total	20	11

Next Steps

1. Compliance will escalate incomplete/past due trainings to the Compliance & Policy Committee.
2. Compliance is currently working with Human Resources (HR) to transition all Compliance training modules from AMC to Rippling. This initiative aims to streamline all required training modules through one platform for increased efficiency and convenience.

Department of Managed Health Care (DMHC) D-SNP Filings

As part of the D-SNP application process, CHPIV submitted two required filings to the DMHC. Below is a summary of each filing and its current status.

DMHC Filing	Filing Description	Status

2024 Department of Health Care Services (DHCS) Medical Audit

The DHCS Medical Audit is anticipated to begin soon, as we have received the first request for information. This typically signals the formal engagement letter will follow shortly. This audit is a comprehensive evaluation of our compliance with Medi-Cal program requirements, focusing on key operational areas such as utilization management, member services, quality of care, access to services, grievances and appeals, and delegation oversight. The review will assess our adherence to regulatory standards, identify areas for improvement and ensure we continue to provide high-quality care to our members. The Compliance team is proactively preparing to support the audit process and ensure timely and accurate responses to DHCS inquiries.

Delegation Oversight NCQA Focused Audit

CHPIV initiated its first Delegation Oversight audit focused on the National Committee for Quality Assurance (NCQA) standards on January 7, 2024. The purpose of this audit is to evaluate Health Net's adherence to NCQA requirements in key areas, including, but not limited to:

- Quality Management (including Quality Improvement and Potential Quality Issues)
- Provider Network
- Appeals
- Grievances
- Credentialing
- Utilization Management
- Member Experience
- Care Management
- Population Health Management

This audit is being conducted by our Health Services team as it focuses on NCQA standards, which fall under their purview. Compliance supports the audit process by coordinating efforts between internal teams, ensuring alignment with broader oversight activities, and serving as the liaison with Health Net to facilitate communication and address any cross-functional needs.

Note that a full-scope audit, including a review of regulatory standards, will be conducted after the completion of the DHCS Audit.

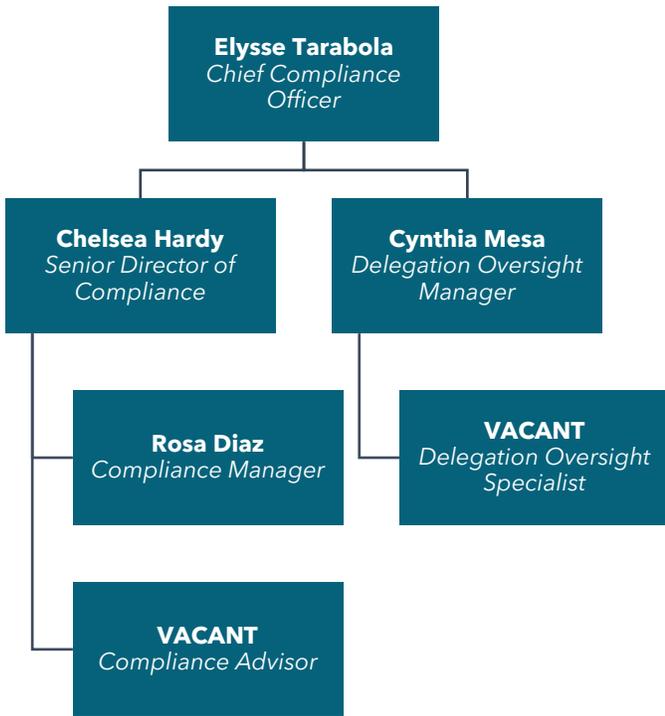

Staffing Updates

The Compliance Department has undergone several key staffing changes to enhance our operational efficiency and support evolving compliance and oversight needs:

Local Health Authority Commission

Executive Summary: CHPIV Compliance Department Update February 2024

Rosa Sanchez has been promoted from Compliance Advisor to **Compliance Manager**, recognizing her leadership and contributions to the organization. Rosa has been instrumental in ensuring timely, complete, and accurate responses to DHCS and strengthening our delegation oversight processes. In her new role, she will take on management of day-to-day compliance activities and provide training to the organization as we continue to enhance our compliance and oversight function.

- **Cynthia Mesa** has joined as our **Delegation Oversight Manager**, bringing over a decade of experience in healthcare compliance, quality assurance, and delegation oversight. She previously worked at Molina Healthcare focusing on NCQA, DHCS, DMHC, and CMS regulatory compliance across Medicare, Medi-Cal and Commercial lines of business. In addition, she also has significant

experience working within the local healthcare landscape at Inncare, Pioneers Memorial Healthcare District, and El Centro Regional Medical Center. Her familiarity with the regional provider network and healthcare operations will be valuable in supporting our delegation oversight functions.

- The **Compliance Coordinator position has been eliminated** following Amanda Delgado’s transition to Health Services. As part of an effort to streamline our department’s structure and optimize resources, the responsibilities of this role have been reassessed and redistributed to existing positions to improve workflow efficiency and better align with the department’s evolving needs.
- Fernanda Ortega has also transitioned to Health Services, however she continues to provide support to our team during this transition. We appreciate her efforts in ensuring continuity while Cynthia is fully onboarded and while we work to **backfill** her previous **Delegation Oversight Specialist position**.
- We are **actively recruiting for a Compliance Advisor**, which will incorporate both Rosa’s previous responsibilities and the essential functions previously handled by the Compliance Coordinator. This position will support all regulatory compliance activities including coordination of regulatory audits.
